

# Cotton Ball Polar Bear Craft

Follow the instructions below to create your own cotton ball polar bear!

Materials: Paper plate, glue, cotton balls, paper, scissors, and a Sharpie.

Optional: Googly eyes, black pom pom, and black pipe cleaners.

1. Start gluing the cotton balls to your paper plate (you can glue extra pieces of paper to the top of the plate to create a spot for the ears).

2. Once you've glued down all your cotton balls, let dry.

3. Add eyes! If you don't have googly eyes, you can use paper.

4. Glue on a black pom pom for the nose and a black pipe cleaner for the mouth. Again, you can substitute paper if you don't have these materials!
